1. Employees of the machine tractor stations in Rumania have nominally an eight hour working day, six days a week, but actually they are required to work twelve to fourteen hours daily much of the time.
2. Pay ranges from 200 to 250 lei per month plus living accommodations for tractor operators. Meals in the common canteen cost 90 lei per month. The food is considered adequate.
3. A senior mechanic receives 300 lei per month plus living accommodations and an agronomist receives up to 800 lei per month.
4. The lower paid agricultural workers find working conditions very difficult and their wages barely cover the vital necessities of life.
